2. NU Campaign: Students can create their own NU Campaign t-shirts featuring the Hoopoe or local bird. Beyond selling t-shirts, the NU Campaign team educates and raises awareness about featured causes and stories through presentations and seminars, social media campaigns and supporting student led initiatives on college campuses, schools and communities worldwide.

   According to the Nu Campaign: "On the inside of every NU shirt, a unique message is printed directly opposite your HEART. This way, every time YOU wear your shirt, you feel inspired to carry it close to you and represent it out to the world!"

   One cause that the NU Campaign supports is that of migrating birds. For more information, see: http://www.nucampaign.org/http://www.nucampaign.org/en/shop/Causes/Migrating-Birds.aspx

3. Bird watching: Teach your students bird watching techniques.
   - In North America:
   - In Israel: http://www.israbirding.com

4. “Go Bird” Game Instructions: For 2 or more players
   - Pass out four cards to each player.
   - Put the remaining cards in a pile in the center.
   - One person begins the game by turning to another player and asking for a card that would match with the same bird category as one of their own. If they match the card, they continue their turn.
   - If they do not match, they say “Go Bird” and pick a card from the top of the pile. The turn passes to the next player.
   - After a player collects a set of four birds from the same category, they play the set face up in front of them. The player who completes the most sets is the winner.

   For the set of cards, please visit: http://www.birds.org.il/SIP_STORANGE/files/6/1996.pdf
